

## Welcome to Mebane Pediatric Dentistry

Our team is excited that you chose Mebane Pediatric Dentistry to take care of your child's dental health! Our goal is to provide outstanding, yet safe and conservative pediatric dental care in a friendly and welcoming environment for children, adolescents, and patients with special needs.

As a Board-Certified pediatric dentist, I received 3 years of specialty training after dental school so that I could provide specialized care for infants, toddlers, children, and teenagers. As a mom, I understand the importance of providing education to children and their parents so that they have the skills and knowledge necessary to maintain healthy smiles at home. Our team will be dedicated to make your child's dental experience fun and enjoyable, to the best of our ability.

For the first dental visit, we encourage you to review the "The First Visit" section on our website for helpful ways to prepare your child for the appointment. Your participation in your child's dental experience is a vital part to their overall oral health. Therefore we ask that you accompany your child through each step of the first visit.

Thank you for choosing our office to become your child's dental home! Together we can create a beautiful smile and a lifetime of excellent dental health.

Sincerely,
